• There were times where I felt slightly unsure of concepts because of occasional arithmetic errors, but other than that I think this teacher did a very good job. The only thing I didn't like was that we had a quiz every week, as it made me anxious.

• She is a great instructor! I definitely like the way she taught the course. I liked how she made sure we understood the topics and was always open to hear from us and our questions. She delivered the content well and even gave up time to teach it to students individually. I definitely enjoyed the course because of her! I would recommend and would take another course with her as the the instructor.

• I think my professor is good.
